

**CLOAK AND HOOD**  
  
**FOR INFANT  
CRANIAL REMOLDING ORTHOSES**  
**BY COMFORT PRODUCTS**

The Cloak and Hood from Comfort Products was designed as a casting interface for infant cranial remolding orthoses. The Cloak is placed over the head of the infant for use as a cast sock. The Hood is placed over the torso of the infant to prevent plaster from getting on the body.

The Cloak and Hood from Comfort Products is made of 100% cotton with reinforced openings and sewn edges.

The one size fits most infants.

Part Number

**C&H**

*Available by request in a  
CoolMax<sup>®</sup> version  
with a hood that  
can be worn  
as an interface  
between the orthosis  
and the head!*
