

# Prosthetic Sheaths

Prosthetic Sheaths from Comfort Products provide the wearer with maximum comfort and accommodate the natural changes that occur from day to day. The stretchable nylon and polyester construction ensures a snug fit that helps overcome any looseness that could possibly cause soreness and discomfort.

## Features of the Comfort Products Prosthetic Sheath Include:

- Reinforced toe for greater wear resistance
- Unique open mesh design that stretches to conform to shape while allowing for needed ventilation
- Turned welt construction provides strength where it is needed most
- Offered in AK and BK versions
- Available with a reinforced distal 3S hole
- Conveniently packaged and sold individually
