

# Ultra-Fit Filler Sock™

by Comfort Products

## The Stretchable Sock That Fits Like a Glove!

The Comfort Ultra-Fit Filler Sock has amazing stretch that allows it to conform to irregular shapes with ease. Our special knitting allows the standard 18" length to be cut shorter without the fear of running or unravelling. The Cotton and Lycra construction, along with our unique finishing processes make the Ultra-Fit Filler Sock extremely soft. The nylon reinforced toe increases durability.

### Features of the Ultra-Fit Filler Sock Include:

- Exceptional Stretch that allows the sock to fit like a glove
- Conforms to irregular shapes, including Symes and Chopart amputations
- Can be cut to length without running or unravelling
- Knitted toe pocket with minimal side seam eliminates common heavy seam at distal end of sock
- Full one ply thickness on all styles
- Nylon reinforced toe for added durability
- Available in AK and BK versions, along with smaller sizes suitable for pediatric and upper extremity applications
- Fewer sizes with more stretch means less inventory!
- Also available with a vulcanized 3S hole
- Available sizes fit approximately 90% of amputees
- **Conveniently available 6 socks per package!**

## Ultra-Fit Filler Sock™

Style	Sizes			Part Numbers	
	Thickness	Max Circumference	Length	Regular	With 3S Hole
