

Private Labeled Diabetic Socks

from Comfort Products, Inc.

No two businesses are the same. Success requires companies to differentiate themselves from their competitors. It is essential that customers remember you and return when they want to make additional purchases. These basic business principals led Comfort Products to offer facilities **Comfort Private Labeled Diabetic Socks**. These socks have wrappers that show your company name and logo, along with your phone number for the patient to call to order more! Show you care with your own private brand of diabetic socks.

Comfort offers five different styles of diabetic socks. Each style is designed to offer significant benefits for the particular needs of every diabetic patient.

With three different adult sizes, along with a wide range of fashionable colors in all styles, you can be assured of a perfect solution for every diabetic patient that visits your facility!

Are you a business that does not offer diabetic socks because they are not reimbursable by Medicare? If so, why are you sending your diabetic shoe patient to a local

department store to buy a poorly designed sock? If they are going to purchase a sock anyway, why not have them purchase a Diabetic Sock from you that can offer significant benefits? Many socks available on the market today not only offer no benefits for the diabetic patient, but can actually harm the foot.

Comfort Private Labeled Diabetic Socks give you the opportunity to:

1. Increase the benefits available to your diabetic patients
2. Increase the exposure of your business
3. Increase your cash sales

Custom retail displays and product flyers with your name and logo also available!

Styles and sizes of Comfort Private Labeled Socks are shown on back of page

Five Styles!

Seamfree Silver™ Diabetic Sock

- The newest member of the Comfort family of diabetic socks!
- Patented seamfree design to reduce irritation
- Non-binding turned top
- X-Static® silver naturally eliminates odor causing bacteria and helps prevent athlete's foot, dermatitis and fungus
- All natural properties of silver make it completely safe and non-toxic
- Keeps wearer cooler in summer and warmer in winter
- Wicks moisture and provides a healthy environment for the foot
- Thermal properties of silver provide additional comfort
- The ultimate in comfort and benefits
- Available in White, Black, Navy, Brown, Beige, and Gray
- Sold in individual pairs

Seamfree™ Diabetic Sock

- Patented seamfree design to reduce irritation
- Non-restrictive and non-ribbed top
- Thin and lightweight cotton interior, with nylon exterior to reduce frictional forces inside the shoe
- Comparable to the weight of a traditional dress sock
- Available in White, Black, Navy, Brown, Beige, & Gray
- Sold in individual pairs

Seamfree X-Tra™ Diabetic Sock

- Same features as the Seamfree™ sock
- Oversized for larger individuals, or those with severe edema

Sizing Chart for All Styles

Sock Size	Fits Men's Shoe Size	Fits Women's Shoe Size
Small	3 - 8 1/2	4 - 9 1/2
Medium	9 - 12	10 - 13
Large	12 +	13 +

SoftStep® Diabetic Sock

- Specifically designed for the needs of the diabetic patient, or those with circulation problems
- Low profile seam in toe area to reduce the risk of irritation
- Fully cushioned throughout for comfort
- Non-restrictive top
- Reversible, can be worn with either the smooth or cushioned side against skin
- Three sizes, easily identified by color of toe seam
- Available in natural unbleached cotton, as prescribed by many doctors
- Also available in Navy, Brown, Black, Beige, and Gray
- Provides exceptional comfort with health benefits for the diabetic
- Conveniently packaged six pair per size

Double Lay-R™ Diabetic Sock

- Designed specifically for the needs of the diabetic patient, or those with circulation problems
- "Sock-within-a-sock" design to greatly reduce the frictional forces within a shoe
- Friction takes place between the two layers of the sock, rather than between the sock and the skin
- Luxuriously soft for superior comfort
- DuPont Coolmax® yarn wicks moisture away from the skin to keep the wearer dry and comfortable
- Ideal for someone active with hiking, running, or brisk walking where blistering may occur with a traditional style sock
- Three sizes easily identified by color of toe seam
- Flat toe seam to reduce the risk of irritation
- Available in White, Black, Navy, and Brown
- Sold in individual pairs
